

Series 300

Vinyl Steel Outswing Door

3-Panel • 4-Panel • 6-Panel

Elixir Series 300 Vinyl Steel Manufactured Home doors are a step above the Series 200. The Series 300 doors are constructed from vinyl laminated galvanized steel. The Series 300 door is more resistant to dents and scratches because the steel is over 50% thicker than the steel on the 200 Series door. Series 300 doors are equipped with a heavy-duty aluminum frame ensuring stability as well as safety and security. The 300 series door is a 6-panel door available in white with various door lite options to choose from. Contact your local Elixir Division or Elixir Distributor for more information.
